

# Christmas 2020

Greetings Friends and Family,

*What a year this has been - - what a rare mood we're in. Let a New Year begin!*

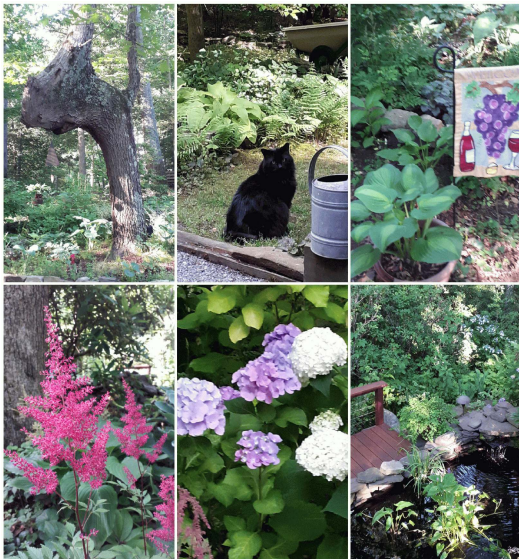

Teri, Maridell, and Susan

This December, Susan and Ken will be home to celebrate. But, the day after this past New Year, we had flown to San Juan, Puerto Rico, for a 2 week Windstar *Star Legend* cruise in the Caribbean with long time friends Maridell Loomis and her daughter, Teri. We

visited many familiar places like St. Maarten, Guadeloupe, St. Lucia, and St. Thomas; but we did our first ever visit to Montserrat that had been made uninhabitable until recently by Soufrière Hills Volcano erupting in 1995. All our other trips abroad were cancelled due to the Virus.

In February, Ken finally got his Amateur Radio Operator's License (KC3OYM) and set up a HAM radio station in the basement. Since then, we have enjoyed our Annapolis home's cosiness spending a good bit of time getting home repairs and modifications done. This was one of the first Spring/Summer seasons Susan was able to spend lots of time in our garden.

Susan's Garden

Best Regards,

Susan and Ken

Our 2020 Christmas Tree
